OLD BUSINESS

Mayor Hutnick commented we have two items on old business and they are both for Councilman Nasisi; does he want to elaborate or take them off.

Building/Grounds Differentiations – A. Nasisi

Salt Shed Roof – A. Nasisi

Councilman Nasisi commented to leave them on there for now, he doesn't have anything new to report on those.

NEW BUSINESS

Mayor Hutnick asked if anyone wanted to add anything for new business.

Councilman Nasisi commented the boiler is done at the Historical Building we are going to have the oil tank removed. The frost is pretty much out of the ground and those businesses are still working they are considered essential. Councilman Nasisi explained the costs and the permits will probably be waive from the building department. He will send the quote to Robin.

Mayor Hutnick commented based on surrounding towns, news advents and how the world is going be mindful of social media, there seems to be issues in other towns other states where people are just getting frustrated and venting and it is causing back lash. Mayor Hutnick commented he isn't saying we have anything going on here it is just something he has been noticing as things get more and more frustrating for people that it is a way to vent. Unfortunately, we are held to a high standard than the average resident.

NJDOT Grant Applications – Mayor Hutnick/Mike Vreeland, Engineer

Mike Vreeland commented the DOT sent out their notification letter looking for grant applications for fiscal year 2021; the applications are due July 1. We need to consider which road that we would like to put in [grant applications] for.

Mayor Hutnick asked does this have anything to do with our existing grants or are these for new grants.

Mr. Vreeland commented this is for a new grant. The Borough has a grant for Plant Street and we are working on those plans and specifications. There is a two-year period from the date you receive the notification of award of the grant to award the construction project to a contractor. Technically that has to be awarded March. The Borough has a 2020 grant for Passaic Ave. This is [the letter] for the 2021 grants and that application is due July 1st.

Mr. Vreeland commented our experience has been the best chance you get for money in the program is for money either for roadways or for roads that connect County roads or have intersection with a state highway. Those road projects score a little better in the grant review. Does the town have any streets in particular they are things they are trying to apply for? We would have to go out and take measurements to get the grant application under way to submit by the deadline.

Mayor Hutnick asked can it be for other projects besides roads.

Mr. Vreeland commented the municipal aid program has basically seven categories; bikeway, bridge preservation, pedestrian safety, quality of life roadway preservation and roadway safety. The last two applications that were filed the Borough received the grant for roadway preservation.

Councilwoman Slater asked if the Council could get a copy of the application to look at.

Mr. Vreeland commented if you would like I can print out a Pdf of what the layout of an application looks like, the type of information they look for he will email that to Robin to distribute for everyone to review.

Mayor Hutnick asked if anyone had anything else for new business.

PUBLIC SESSION

Councilman Nardini moved, Councilman Cruz seconded motion to open the public session of the meeting. All were in favor.

Vicki Schroder, 60 Center Street, commented she has a senior at Wallkill and she was wondering if the town would be interested in honoring our seniors with a banner or yard signs to be put on Main Street. We have about 15 or 16 seniors from Votech and Wallkill and she thought this would be a nice way to show support of the kids that are disappointed and only getting a virtual graduation. Mrs. Schroder commented she hasn't received the final numbers yet but she has started calling around getting pricing and explained.

Councilwoman O'Dell commented we are doing that as 8th grade parents for our 8th graders graduating as well and putting signs out on the hill of the school. Councilwoman O'Dell commented she is a big fan of your idea and would have know problem doing it. We went through staples and paid about \$13.99 per sign with their pictures on.

There was a brief discussion on signs representing Ogdensburg students that are graduating this year and where to place them.

Mayor Hutnick commented I think what they are looking for is if the town is willing to assist with funding for the signs.

Councilwoman Slater asked if we were allowed to.

Mayor Hutnick commented he doesn't know, he would have to look into that because he doesn't know if that falls under donations.

Councilwoman Slater commented with FBLA we were not allowed to directly donate.

Mrs. Schroder commented if it is a funding issue maybe use some of the Ogdensburg Day money.

Councilwoman Slater commented she doesn't think funding is an issue she thinks we just have to make sure it is ok to do because it is not [for] the whole town in general it is just for specific [residents]. Councilwoman Slater commented we have to make sure we can legally fund it.

Mrs. Schroder commented if you can't she is willing to go to some of the business owners in town to ask them if they would be willing to help fund this.

Mayor Hutnick commented he will meet with the CFO and see what our options are.

There being no further business from the public, Councilman Nasisi moved, Councilwoman O'Dell seconded motion to close the public session of the meeting. All were in favor.
