Resolution 80-2026

WHEREAS, the Borough of Ogdensburg (“Borough”) has determined that the municipal property described on “Schedule A” (“Property”), attached hereto and incorporated herein, is no longer needed for public use; and

WHEREAS, the Borough desires to sell the Property via online public auction using the electronic procurement platform hosted, operated, and maintained by Municibid, an online auction service provider having a URL address of <https://municibid.com/>; and

WHEREAS, the sale of the surplus property shall be conducted pursuant to and in accordance with current New Jersey State Contracts for Online Auction Services, N.J.S.A. 40A:11-36, and the guidance set forth in the Division of Local Government Services’ Local Finance Notice 2019-15; and

WHEREAS, the Borough makes no representations regarding the condition or suitability of the Property and said Property is being auctioned and sold “as is” without warranties, either expressed or implied.

NOW, THEREFORE, BE IT RESOLVED by the Borough Council, of the Borough of Ogdensburg, County of Sussex, State of New Jersey that:

1. The Property described on “Schedule A” is hereby declared surplus property no longer needed for public use.
2. The Borough is authorized to sell said Property via online public auction using the electronic procurement platform hosted, operated, and maintained by Municibid having a URL address of <https://municibid.com/>
3. The sale shall be conducted pursuant to and in accordance with current New Jersey State Contracts for Online Auction Services, N.J.S.A. 40A:11-36, and the guidance set forth in the Division of Local Government Services’ Local Finance Notice 2019-15.
4. The Borough makes no representations regarding the condition or suitability of the Property and said Property is being auctioned and sold “as is” without warranties, either expressed or implied, and on the condition that the successful bidders execute a Hold Harmless and Indemnification Agreement in connection with their acceptance and use of the Property.
5. The Borough reserves the right to accept or reject any bid submitted.
6. The Mayor and Borough Clerk are hereby authorized to execute any and all documents necessary to transfer the Property to the successful bidder.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

ADOPTION ORDINANCE 07-2026

Councilman Gordon made a motion to adopt ordinance 07-2026 “AN ORDINANCE APPROPRIATING THE SUM OF \$10,000 CURRENTLY LOCATED WITHIN GENERAL CAPITAL – CAPITAL IMPROVEMENT FUND”. Seconded by Councilman Ciasullo.

Prior to final roll call, Mayor Hutnick opened the meeting to the public for any comments regarding ordinance 07-2026.

Jenni Ortiz, Ogdensburg asked what the funds were for.

Mayor Hutnick commented it is for police department weapons upgrades.

Prior to final roll call, Mayor Hutnick closed the meeting to the public for any comments regarding ordinance 07-2026.

Upon Roll call Vote:

Yeas: Ciasullo, Cowdrick, Gordon, Lane

Nays: None Absent: DeMeo, Gandarinho Abstain None

LIAISON REPORTS

Councilman Ciasullo commented he will wait in his report until we get to old business.

Councilman Gordon reported on DPW; we fixed the backhoe, did it for under three hundred dollars in house. The GMC dump truck will need to go to either Hoover or Dover brakes the king pins need to be redone in the front end. We finally replaced the snow blower that is no longer serviceable. We have been trying to catch up on things that haven’t been done in a while. We are still moving in the right direction. The no parking signs are up by Sterling Field.

Mayor Hutnick commented he has no updates for the Fire Department. We are good on the police department.

Councilwoman Cowdrick reported on the parks; we had some mulch delivered today and DPW spread the mulch. It looks good. The pond looks great. She is still working on different projects for that area.

Councilwoman Cowdrick reported on the Haunted Mine Tour. They are looking for permission for their annual haunted mine; the dates are October 23 and 24, from 5:00 to 10:00. She reached out to police, fire and DPW. She heard back from police and DPW she is waiting to hear back from the fire department to just give us a hand with parking.

Councilwoman Cowdrick commented Chief Sanfilippo is requesting us to approve overtime for the officers to help us out.

Mayor Hutnick asked do you have an estimate.

Chief Sanfilippo commented one officer from 5:00 to 10:00. That is for two nights.

Councilwoman Cowdrick commented DPW is handling the lights and generator.

Mayor Hutnick asked if we need to take a vote on this.

Mr. McBriar commented this is for October; we can start to get some more details or discussion or approvals. If you want to vote now you can do it now.

Mayor Hutnick explained it would get everything out of the way, they announced they are going to have it, and they asked the police for assistance.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

Councilwoman Cowdrick commented she has confirmed with Franklin EMS; they are on board.

Mr. McBriar commented in that case it would be appropriate to enter into a motion to authorize overtime for one additional police officer for the dates stated.

Councilwoman Cowdrick made a motion to approve one officer for two days to help with the haunted mine for overtime, October 23 and 24. Seconded by Councilman Gordon.

Upon Roll call Vote:

Yeas: Ciasullo, Cowdrick, Gordon, Lame

Nays: None Absent: DeMeo, Gandarinho Abstain None

Chief Sanfilippo asked do you want the 5K run in the liaison reports also?

Mayor Hutnick explained what the Chief just brought up as part of the liaison reports is the 5K race that he mentioned at the last meeting. They are trying to put together all their staff and funding even though it is next April they want to try and get numbers now. The Chief is organizing the police presence, but we need to approve the Borough's.

Chief Sanfilippo explained what he thought would be needed and who will help them out; but the way this run will go they will be shutting down Passaic, Plant, Kennedy. There are going to be a lot of officers needed. It will probably be four or five officers for approximately two to four hours. He would like authorization to do that. They need to know because they build this cost into the registration for the race. This is a branch of Tunnel for Towers, so it is a really good cause.

Mayor Hutnick explained they did ask us when we had the meeting at the fire house if the town could get some sort of numbers together for this year.

Councilman Gordon commented how is this going effect residents that live on those streets?

Chief Sanfilippo commented it will get ugly for about an hour to an hour and a half.

Councilman Gordon commented you are saying nobody can leave.

Chief Sanfilippo explained once the race starts or once they get passed that road it will be opened up.

Mayor Hutnick commented emergency vehicles only.

Councilman Gordon commented so what you are saying is all the residents that live on the route can't go anywhere while this is going on.

Chief Sanfilippo commented right, that would be his answer.

Mayor Hutnick commented we have done this in the past.

Councilman Gordon commented this might cause a problem.

Chief Sanfilippo commented the good thing is as the race is moving, we can open up what is behind us. It is going from North Clark to Kennedy to Church, Passaic, Plant then up into the mine come out of the mine on Passaic go through the tunnel, up Kennedy and back to the fire house.

Councilman Gordon commented he doesn't have a problem with a charity race like this what he has a problem with is residents not being able to leave their residence. He is here for the whole of the town, not just a few.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

There was a discussion on if a resident has to leave their house, how to notify the residents, we have done this before, and the race will be early in the morning.

Mayor Hutnick asked do we need to vote on this.

Mr. McBriar commented the motion would be to authorize overtime for the 5K in April, [2027] as needed up to five officers not to exceed four hours.

Councilman Ciasullo made the motion as state by Mr. McBriar. Seconded by Councilwoman Lane.

Upon Roll call Vote:

Yeas: Ciasullo, Cowdrick, Gordon, Lane

Nays: None Absent: DeMeo, Gandarinho Abstain None

Councilwoman Lane had nothing at this time to report.

OLD BUSINESS

Trees on Roosevelt Dr. – Councilwoman Cowdrick explained she is still working on this.

No truck signs – Councilwoman Cowdrick explained all the signs are up; everything is complete other than sending the forms and pictures to the GPS companies. Councilwoman Cowdrick explained complaints she received today regarding the trucks. It isn't just our Quarry there are trucks coming from the other Quarries.

Capital items water items – Mayor Hutnick asked if Councilman Ciasullo has any updates on this.

Councilman Ciasullo commented he will wait and cover everything when we get to [water utility]

Employee handbook updates

Mr. McBriar explained an email he sent to Councilman Gordon. He had incorporated comments Councilman Gordon had given to us into the relative sections for the handbook. He has asked to meet with Councilman Gordon, as per phone call with the Mayor and CFO to finalize some of these areas and precise language to address those comments. He is hopeful we can do this before the next meeting so then we can give you a draft for consideration and approval.

Water meters – Councilman Gordon commented we are going to take this off for now. We are going to pick this back up in the first quarter of next year.

Winterizing the First Aid Squad Building – Councilwoman Lane explained she followed up with Councilman Gandarinho about this; he reached out to DPW. Councilwoman Lane commented she has to follow up with Chris Smith.

Councilman Gordon commented we will get that done before the weather turns.

5K Race – Already discussed. Mayor Hutnick commented we can remove this for now and we can remove winterizing the First Aid Squad Building for now.

Water Utility – S. Ciasullo, K. Gordon, M. Marceau

Councilman Ciasullo explained we are looking into possibilities of selling the water utility. There was a meeting September 2 with himself, Mike, Councilman Gordon with Attorney Frances McManimon, Esq. She is an attorney that came out at no cost to the Borough and gave us some insight on what we would have to do if we do decide to possibly sell the water utility. In Ogdensburg we are in a position to think about this, no decision has been made.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

Mr. Marceau commented he thought it was a very constructive meeting, basically for the longest time you had a law called the Public Utilities Law. That is what you sold these utilities under. Maybe ten to fifteen years ago the State passed this law “Water Infrastructure Protection Act” which changes a lot of those rules regarding how you go about selling utilities. We really needed her to guide us through what is the difference between the two processes, what are the advantages vs disadvantages. She was very helpful, she gave us the next steps if we think it is something we want to pursue.

Councilman Ciasullo commented to follow up with what Mr. Marceau just explained; he thinks what we need to do is really start to consider our options. Our option 1 is to do exactly what we have been doing. Option 2 if we sell it. It seems so simply but it is not that simple. The process if we did decide to sell it the short version is a minimum of one year; the longer version is almost a 500-day process. One process a referendum is necessary and the other process doesn’t need a referendum. One process you are only allowed to spend the money you made off of the sale of the water utility on certain items the other process is a little more flexible. If we did decide to sell the water system, we could pay off all the debt. At that point all the infrastructure repairs everything that is involved including the billing to the residents would come from a private company. If we maintain the system the way we have, we are going to have to start to upgrade a lot of things. We are in the process of doing capital projects to maintain the system. If the Borough maintains the system the rates are going to definitely have to go up so we can afford to pay for all the capital improvements. And we may have to do a little something with our water operator. The repairs, billing and water operator would be in the hands of the private company. Councilman Ciasullo suggested the Borough do a water assessment to help with this decision.

Councilman Gordon explained he believes the last time any new main was put in this town was the mid 1990’s with the assumption we could bypass the booster tank, but someone had a miscalculation on that. The other problem is the all the developments in this town were built in the late 60s and 70s and explained the different mains. It is hard to find water operators; there is only a four-man team on DPW. Either way the rates have to be raised; either we have to go out and bond for repairs or sell the system. The plus side of the water system being sold is if a main breaks they fix it, if the main has to be upgrade they do it and they have to do all the repaving that comes with it. Then we don’t have to worry about when our water operator leaves to try and find a new water operator. It’s not just us, all the small towns are facing what we are facing.

Councilman Ciasullo explained the big thing is if we do decide to sell the system it keeps the Borough from having to worry about all the what ifs of the water system. The water system in Ogdensburg is the biggest thing in this town we have to be concerned with. Financially he thinks the Borough will be better in the end if we consider selling.

Councilman Gordon explained the only way we could make it work is you would have to hire a crew just for water. You need your own separate water department. DPW is spread thin now.

Councilman Ciasullo explained he agrees with Councilman Gordon; the system is aging and we have seen the breaks, and we struggle with finding funds to buy equipment. With an ageing system it is really probably the best time and first time the town should consider it. Councilman Ciasullo explained he really thinks the first thing we should do is an assessment.

Mayor Hutnick commented cost to the residents and Borough is a huge concern. The benefits of them being able to maintain the system for us, is doing the repairs. The lack of control he sees as being a problem. We know other areas that have lack of control for things and explained concerns of having no control. We have been applying for grants every year, there is a five million dollar grant we apply for they won’t let us apply for anything less and every year we get turned down. Every now and then we get something, for example when the roads are being paved. The tanks need maintenance, this is all just conversation, it is looking into this knowing the age of our system and what is going on. The town is not in any jeopardy; the water is not in jeopardy. It is like when we bought the new fire truck. Fire trucks are out there and running but when they are 22 years old you need a new fire truck. We had to look into it. The Heater Pond dam was a state mandate; that dam did not fail a single test. The State couldn’t provide us with

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

any failures they couldn't even provide us with a core sample because it was built too well. But they made us upgrade the dam anyway. That is what we say with mandates we don't have a choice. This is something we are talking about, you have to look into everything.

Ms. Hough asked we have our water collector, we do all the billing, mailing everything out, the borough receives a lot of calls when there are problems, and residents call us all the time. If we do this and this company takes over everything, the residents aren't going to be calling.

Councilman Ciasullo commented not here.

Ms. Hough asked if we won't be billing what happens to the staff?

Mr. Marceau commented we are still down on hours.

Mayor Hutnick commented the water person is a valued person that does more than water, so there won't be any issues with staffing. This is talk. Even if everyone said let's start today, we have at least two years.

Councilwoman Lane asked are there a lot of companies that will buy.

Councilman Ciasullo commented basically two.

Councilwoman Lane asked has anyone talked to these towns that they service to find out if they have jacked up pricing to residents.

Councilman Ciasullo explained he talked to some, but this is business, they are going to make money and explained the towns he spoke to and what they did; and possibly having a five-year flat rate.

Mr. Marceau explained you can't just raise rates you have to go through the Board of Public Utilities.

NEW BUSINESS

Kaboom Facility Use Application –

Councilman Cowdrick explained we had a request looking for ORA to bring their soccer teams up to the Borough fields for extra space. So, knowing we hadn't seen or heard from Kaboom she reached out to Kaboom. He told her the fields/dugouts were full of broken glass and garbage, and he was constantly cleaning up. None of that was brought to her attention; no one else has said anything other than one time. Councilman Cowdrick explained she was just looking to see if Kaboom was still using the field so if he decided he wasn't maybe we can fit ORA in for a night practice or something or at least Saturday games which he didn't even have the field for. With that he turned around and said that he would be ok with half his money returned and this was two weeks ago so we were already into September and his agreement ends in October because the field were no maintained he had to do stuff and the garbage was all around. She and Councilman Gordon had DPW go up and rake the fields for that one field use application prior to this email. He is looking for half of his money back, but she didn't know how that works.

Councilman Cowdrick commented she doesn't feel that is needed.

Mayor Hutnick explained he rented the field like he does every year; we haven't seen them use the fields at all nor has he filed any complaints. In the past if he had questions, comments or concerns he would send [an email] to the Borough and we would address them. We received nothing. Now we are at the end of season; we didn't pay attention to the field because they weren't being used now, he is saying they couldn't be used and wants his money back. He doesn't agree with that.

Councilwoman Cowdrick commented do we have to vote on this.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

Mr. McBriar commented if there is a consensus to not do that, there hasn't been any precedence that he is aware of, also noting what the mayor said late in the season. He doesn't think there is any action required. Mr. McBriar recommended sending an email that it was discussed by the Council and there was a consensus not to act on it.

Newsletter

Ms. Hough asked if there were any comments on the newsletter.

Councilwoman Cowdrick asked if a line could be added for the lifeguards that the classes start in November because if you wait to May, you will not be in a class and be certified by the start of next season.

Ms. Hough explained she would add classes start in November.

Councilman Gordon asked in the snow removal part if you could be something in asking people to delineate their property lines to make it easier for the guys to see when they are plowing.

There was a discussion about what to add.

Ms. Hough suggested to add property marker to help eliminate plow damage.

Wayfinding & Signage Study Dated August 2026 – Mayor Hutnick referred to the Study and asked if there were any comments. There was a discussion on the arch to enter into Ogdensburg that was pictured in the study.

Labor Title –

Councilman Gordon commented the labor 1 with or without a CDL is ridiculous. A labor is a labor if someone has a CDL we need a title that is just an in-house bump up not competitive. There are other titles and explained we need to find a title that is none competitive that allows a guy with a CDL to have a different title than a labor 1 with or without a CDL.

There was a discussion on different titles.

Mr. McBriar explained he will work with Robin to look into the titles.

PUBLIC SESSION

Councilwoman Cowdrick moved, Councilman Gordon seconded motion to open the public session of the meeting. All were in favor.

Theresa Dansereau, Ogdensburg voiced her concerns on Lincoln Ave. and the closing of the road. Referring to when the road was being paved. Is there a plan?

Chief Sanfilippo explained there was a lot of planning that went into this, he worked with Tilcon and the Engineers. Milling isn't going to be too bad; we can get you out you can drive on the road. The issue is going to be when they are paving and explained why.

Councilman Gordon explained the cooling time.

Mrs. Dansereau asked are we allowed to park on the side streets like Wilson and Adams?

Chief Sanfilippo commented yes, as long as you are not blocking a driveway or fire hydrant or anything like that it is fine.

Mrs. Dansereau asked if the police do baby car seat check. Chief Sanfilippo commented we do and explained.

Jane Krueger, Ogdensburg Historical Society explained she has thank you letters for the Council but hasn't sent them yet regarding Ogdensburg Day.

**REGULAR MEETING MINUTES OF THE MAYOR AND COUNCIL
OF THE BOROUGH OF OGDENSBURG
14 HIGHLAND AVE. OGDENSBURG AT 7:00PM
September 14, 2026**

Mrs. Kruegar and Mrs. Ortiz had the quilt that was made by the Historical Society. It is a county quilt and there is a block for each municipality. The quilt was displayed at the Fair and won a blue ribbon at the fair. The quilt is owned by the Ogdensburg Historical Society. They explained the different blocks in the quilt and how it relates to Sussex County.

Mrs. Ortiz asked what is a water assessment for the town?

Councilman Gordon explained.

Mrs. Kruegar explained she is in Hardyston and her bill for water and sewer is approximately eighty dollars a month.

Mrs. Kruegar thanked Councilman Gordon for cleaning outside the Historical Society Building and he is looking into getting gutters for them.

There being no further business from the public, Councilman Gordon moved, Councilwoman Lame seconded motion to close the public session of the meeting. All were in favor.

EXECUTIVE SESSION

There was no executive session.

PAYMENT OF VOUCHERS

Councilman Ciasullo made a motion to review payment of vouchers and review departmental finance reports. Seconded by Councilwoman Cowdrick.

Upon Roll call Vote:

Yeas: Ciasullo, Cowdrick, Gordon, Lame

Nays: None Absent: DeMeo, Gandarinho Abstain: None
